

Allowable and Unallowable Costs

Common GEAR UP Costs

(Sources: GEAR UP Statute, EDGAR, and OMB cost principals in 2 CFR 200).

The following list may help you determine whether your program expenses are allowable or not. It includes costs that are commonly incurred in GEAR UP, or are the subject of frequent questions, or discussions about their permissibility

NOTE: Just because a cost is interpreted as being allowable under the OMB cost principles, it is not guaranteed that you will be able to make that expenditure. This may happen when, for example, a cost identified as allowable under the circular may be disallowed in program regulations or statute, or fail to pass the USDOE2s judgment that it is justified, allowable, or reasonable.

Type of Cost	Allowability	Notes
Advertising and Public Relations Costs	Generally unallowable	The OMB cost principles define advertising costs as the expenses associated with the costs of advertising media (magazines, newspapers, radio and television, direct mail, exhibits, electronic or computer communication) and associated administrative costs.
Advisory Council	Unallowable	Effective 9/1/19: Expenses for this activity are not allowable.
Alcoholic Beverages	Unallowable	
Commencement and Convocation Costs	Unallowable	For educational institutions, costs associated with commencement and convocations are disallowed, but costs associated with GEAR UP activities that take place during commencement events may be allowable under student activity costs if approved as part of your grant agreement.

Type of Cost	Allowability	Notes
Telecommunication Costs	Allowable	Costs incurred for telephone services, local and long-distance telephone calls, postage, messenger, electronic or computer transmittal services and the like are allowable. However, you will need to check if these expenses are captured in your indirect costs.

Consultants & Contracts	Allowable	EDGAR states that costs associated with consultants are allowable if there is a need in the project for the services and the grantee cannot meet that need by using an employee rather than a consultant.
Entertainment Costs	Unallowable	Costs of entertainment, including amusement, diversion, and social activities and any costs directly associated with such activities (such as tickets to shows or sports events, recreational activities such as swimming, meals, lodging, rentals, transportation, and gratuities) are unallowable . Costs that might be otherwise considered entertainment which have a programmatic purpose and are authorized either in the approved budget for the Federal award or with prior written approval of the Federal awarding agency may be allowable.

Type of Cost	Allowability	Notes
		<p>Be sure to distinguish these unallowable expenses from similarly worded and allowable student activities, meetings, and conferences that are approved as part of your grant agreement.</p> <p>Examples: A school group visits four postsecondary campuses north West Virginia. The trip is paid for out of district GEAR UP funds-- transportation, meals and lodging for one night. On the way home, the group decides to attend the Appalachian Life Festival. This is an allowable cost since the focus of this event is on the Appalachian culture, including a re-enactment of the first coal camp, traditional supper, and cultural displays.</p> <p>A school group from visits four postsecondary campuses. Eligible budget transfers

Throughout the academic year, school districts may identify priorities and activities aligned with GEAR UP SWV goals and objectives not originally included in the annual GEAR UP SWV workplan and/or budget. In addition, some planned activities may come in under cost, making funds available for additional activities related to the program goals and objectives. As these budget transfer needs are identified, the school district must submit a formal request to the GEAR UP SWV Central Office through e-mail to kosullivan@concord.edu. Requests should include specific information regarding the amount of funding, by budget line, requested for transfer to identified budget lines. Budget transfer requests should be infrequent and are reviewed by the GEAR UP SWV Central Office on a case-by-case basis. If approved, the GEAR UP SWV Administrative Team will issue a formal approval via e-mail of the transfer.
